

pcap_do_addexit

```
graph LR; A[pcap_do_addexit] --> B[pcap_close_all]; B --> C[pcap_close];
```

A flowchart illustrating the sequence of operations for closing a packet capture. It consists of three rectangular boxes arranged horizontally. The first box on the left is shaded gray and contains the text 'pcap_do_addexit'. A dark blue arrow points from the right side of this box to the left side of the second box. The second box is white with a black border and contains the text 'pcap_close_all'. Another dark blue arrow points from the right side of the second box to the left side of the third box. The third box is also white with a black border and contains the text 'pcap_close'.
