

pcap\_create

pcap\_activate\_libdlpi

pcap\_inject\_libdlpi

```
graph LR; A[pcap_create] --> B[pcap_activate_libdlpi]; B --> C[pcap_inject_libdlpi];
```

The diagram illustrates a three-step process flow. It begins with a box labeled 'pcap\_create', followed by an arrow pointing to a box labeled 'pcap\_activate\_libdlpi', and finally an arrow pointing to a box labeled 'pcap\_inject\_libdlpi'. The final box is shaded gray, indicating it is the current or final step in the sequence.
